Experience the Difference!

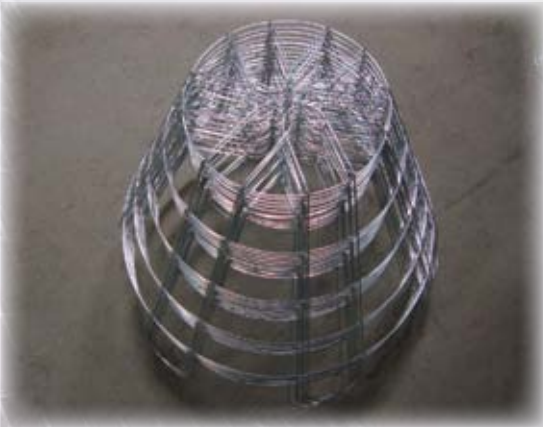

Our Wire

- Wire thickness available: 12 gauge – 4 gauge
- We offer both galvanized and basic bright wire to suit our customers' needs.
- We have found a great blend between flexibility and strength to maximize support, while still accommodating our customers various crimping techniques.
- Our wire is all North American made and ISO 9001:2000 certified.
- **There are no surprises!** We **"KNOW"** our wire is quality wire.

Our Operation

- We have a dedicated team of production-line workers committed to producing products at the highest level of quality.
- Our equipment is "state-of-the-art" and we are continuing to pursue the latest technological innovations to provide our customers with repeatable quality at a competitive price they can count on.
- We have carried our motto, "Committed to Customer Success" into our wire manufacturing division, and we look forward to providing solutions that truly add value to our customers for their wire basket needs.

Our Baskets

- 12" – 90" baskets available
- Flat / Star baskets
- Various degrees available to suit your specific needs
- Curved blade baskets – Optimal / Big John
- Open bottom / closed bottom
- Truncated / cone
- Let us help you get the fit you need.

Our Packaging (see photo on reverse side)

- We have analysed each basket and tailored our packaging solutions to provide the best space usage in the industry. We can ship more for less than anyone in the industry, so don't let a little freight keep you from asking for a quote.
- Here at Lemar we are working hard to be good stewards of our environment, because of that we do not use any plastic wrap in our basket packaging process. This means less mess for you, and we can all feel good about the environmental impact.
- Our team has worked hard to create a package that does not cause damage during transport. We have succeeded in virtually eliminating the unnecessary damage often caused to baskets in transport and handling with new ways of skidding. This is another way we help our customers succeed in today's market.
